## SAFETY GENIUS

At Safety Genius, we're proud to be a New Zealand owned and operated company, manufacturing Kiwi products for Kiwi businesses.

If you're looking for trusted experts in the safety sector, who know what's needed to meet health and safety standards and to keep your staff safe, you'll find them at Safety Genius.

Our team live and breathe cost-effective and functional safety signage and solutions.

**Give the team a call today.  
They're experts you can trust!**

“ We take great pride in delivering high-quality products and great service from our factory in the heart of the Waikato. ”

**Darwin Ginty** | GENIUS IN CHARGE

## TRADES AND CONSTRUCTION SIGNAGE SOLUTIONS

**DANGER / STOP/ KEEP OUT:** safety signage on construction sites needs to be clear, simple, and obvious.

No one visiting or working there should be in any doubt about actual or potential hazards. Safety Genius signs get the message across – instantly!

Our trades and construction industry signs target all the essentials, from COVID signage to first aid, hazards and site boards, danger, warning and fire extinguisher signage. Whether a workplace is small, medium or large-scale, we can assist with practical and durable signage to help minimise the risk of accident or injury.

Our emphasis on prevention also includes work vehicles. Adhesive stickers alert others to the first aid and fire extinguisher equipment held within and get the message to would-be thieves that no work tools are left inside overnight.

Our personalised and speedy service, using quality materials designed to last, can provide the signage solutions for keeping you, and your staff, safe. Talk with the Safety Genius team today for your trades and construction signage requirements.

# CONSTRUCTION SIGNAGE STARTER PACK

Setting up a new site? Signage needs to be your number one priority. Our Construction Site starter pack gives you a discounted bundle of the most common signs for your construction site to ensure you have everything you need to get started.

**KEY** SA = Self-adhesive | CF = Corflute | PVC = Rigid Plastic | ACM = Aluminium over PVC core
